Among the affractions for the coming year are to following: "HA WORTH'S," a scrial novel, by Mrs. Femores Hodgson Burnett, author of "That Lass of Lowrie's." The scene of Mrs. Burnett's new povel is laid in Lancashire; the hero is a young inventor of American birth. "Haworth's" is the longest story Mrs. Burnett has yet written. It will run through twelve numbers of the Monthly, beginning with November, 1878, and will be profusely illustrated.

PALCONBERG, a serial novel, by H. H. Boyesen, author of "Gunnar," "The Man who Lost his Name," &c. In this romance, the author graphically describes the peculiarities of Norse immigrant life in a Western settlement. A STORY OF NEW ORLEANS, by G. W. Cable, to be begun on the conclusion of "Falonberg," This story will exhibit the state of ociety in Creole Louisiana about the years 1805-5, the time of t c Cession, and a period bearing remarkable likeness to the present Reconstruction period.

The most graphic and picturesque and, at the same time, exact and trustworthy studies of "The California Alps" that have yet been made. The series will sketch the California, Passes, Lakes, Wind Storms and Forests.

A NEW VIEW OF BRAZIL. Mr. Herbert H. Smith, of Cornell University, a companion of the late Prof. Hartt, is now in Brazil, with Mr. J. Wells Champney (the artist who accompanied Mr. Edward King in his tour through "The Great South"), preparing for Scribner a series of papers on the present condition,—the cities, rivers and resources of the great empire of South America.

THE "JOHNNY REB" PAPERS, by an "ex-Confederate" soldier, will be among the raciest contributions to Serious during the coming year. They are written and illustrated by Mr. Allen C. Redwood, of Baltimore. The first of the series, "Johnny Reb at Play," appears in the Novem-
